

TOWN OF NATICK MASSACHUSETTS

***CHARLES J. SISITSKY
DIRECTOR***

DEMOLITION PERMIT SIGN-OFF REQUIREMENTS

THE FOLLOWING ITEMS MUST BE COMPLETED BEFORE THE ENGINEERING DIVISION WILL SIGN-OFF ON THE DEMOLITION PERMIT.

1. Contact the Natick Water Department (508-647-6557) to do the following:
 - A. Shut the water off at the street stop
 - B. Remove the water meter
2. Contact the Natick Engineering Department (508-647-6551) for the following inspections:
 - A. Expose the water service pipe on the house side of the street stop and cut the Pipe*
 - B. Cut and cap the sewer service pipe on the property. **

* The Builder will be required to provide a new 1 inch (plastic/200 psi) water service from the water main in the street to the house.

** The contractor will be responsible for televising the sewer service from the point where the service is capped to the sewer main to determine the condition of the existing service to remain. If the contractor does not want to do this, they will be required to replace the service to the sewer main.
